Refer a Future UND Student

Do you have family member, friend or neighbor who should check out the University of North Dakota?

Unfortunately, the Office of University Admissions doesn't know about every potential student. Unless students have expressed interest in UND or sent their ACT/SAT scores, we may not know about them.

Whether they're a high school senior, junior or sophomore, let Admissions know so we can send them more information about becoming a future UND student. Please complete our [brief online form](#) so we can connect with them.
